My dear Father

I have got a
horse for £45 & I think I
have got it very cheap as I
have ridden several horses
which I did not like as much
& they were asking a good deal
more for them. We find
living here more expensive
than at Langton Lodge as
there is more to keep up & I
am horrified at the amount

of Coal we have to use -

I wish you could let us have
a little more to keep the
place up properly - you said
that you would increase our
allowance in the event of
children - we have done all
the furnishing, except a few
things we had from Ashburne.
our groom is always grumbling
that he ought to have a boy
to help -

Yours affectionate son
Allen Pitt.
