My dear Sir

You most kindly acceded to the request I made that you would forward the Musée S. Germain with copies of your valuable archaeological books. I wish to Mr. Bertinot to tell him of your kindness. I had to write to Mr. Reinach the Sunday about Schötenisack's plans of the dolmens in N. Germany, & in answer he said that the Musée had not yet received your books. Has it slipped your memory?

I have before long to send you my plans of the dolmens we measured in Nov. but my comrade Bernoud is now photographing them.

Yours truly
S. Baring Gould
