TELEGRAPHIC ADDRESS,  
"ZOOLOGICAL, LONDON"

Feb 11. 1896

Dear Sir

TELEGRAPHIC  
"ZOOLOGICAL"

I am sorry to say  
we have no Yakal to  
spare having lost one  
lately, with reference  
to the Yaks we have  
two pairs. They are of  
the domestic race, we  
never had any of the  
wild race of Tibet, in  
fact I do not think the  
wild Yak has ever been  
alive in Europe--

Yours faithfully  
F. S. Bartlett
