Genl Pitt Rivers.

Sir. An interesting discovery has been made in this neighbourhood of a number of Urns of which discovery I thought you might be interested in

A number of men were trenching on land in occupation of a Market Gardener. at Merrind and they came across no less than 10. Urns the majority of which were

destroyed before the
intelligence reached me,
through a representative
of Isaac Orslove. I trusted
the spot should have been able
to set up two urns from
the broken fragments.
They were discovered about
two feet below surface.
contained bones & were
cremated interments. the
usual charcoal & flints
being found. May I
ask the favour of your
opinion upon the find
and if you excavated
the Tumulus on the Downs

when residing here.

I trust you will excuse
the liberty I take in
addressing you. but my
interest is very great in
~~local~~ these matters local
or otherwise.

Mr. Harison (of Ighiteam)
informs me that I have
undoubted specimens of
"Plateaux" type Palaeolithic
from Dambam (Duney) in
my collection.
