Dear General Pitt Rivers  
I have been in  
communication with  
Mr C Waine about his  
valuable collection of  
Greek antiquities and  
you will be glad to hear  
there is every chance of  
a successful issue. I  
feel assured you will be  
addressed in the 1st party  
helped toward it. I  
am also in correspondence

with another person  
who proposes a collection  
of antiquities in Jordan  
Will need Weymouth  
he knows what expenses  
of £100. We must take  
advantage of the present  
enthusiasm and obtain  
pieces of many valuable  
things now locked up in  
private rooms like the  
Wern & Jordan Hill  
collection. I am directing  
my attention to suitable  
well cases and intend  
giving one as soon as a  
pattern is approved  
of by the Council for

future conformity  
I will let you know  
when Mr. Wern has  
departed, whether

I remain  
Yours truly
