General Pitt Rivers
Dear Sir,
I am about to
open an Exhibition of
Wilts, Dorset, Somerset as
a sequel to Wessex.
The Paintings you so kindly
lent me last year were
amongst the most
attractive in the collection
& I venture to ask if you
have any others relating
to either of the three
Counties you can spare,
if so I should be greatly

obliged. Also I may mention
that I have just received
one or two subjects which
I think can hardly fail
to interest you, viz. Avelbury;
& 2. capital little paintings
of Stonehenge showing the
principal stones still
standing, & a good view
of the South side of
Marden Castle. They are
by the same artist as
the painting of Gouwell
which you bought & can
be secured for the ^{same} very
moderate price viz. £10.10.0
I should like to secure these
for ~~the~~ you as they are
very likely to be snatched
up & I think you would be
pleased with them.

I am Dear Sir
yours faithfully
J J Foster
