

I am very grateful for  
this distinguished mark  
of your favour.

I know a Clergyman a  
few miles from here who  
was Chaplain to the High  
Sheriff some little time  
ago. I have no doubt  
he will give me information  
as to what I shall have to  
do, and what I shall  
require -

Begging to thank you  
once more for this very

kind appointment, and  
this kind mark of your  
favour I remain  
Faithfully & Respectfully Yours  
Joseph Hall

To

General Pitt-Rivers F. R. S.

have no one to support  
you will give him a  
good turn - as he is well  
up to Antiquities & would  
soon turn the Ashmolean  
into a well arranged  
Museum.

How do you get on with  
your local museum?

Have you seen the Roman  
Chargers found on Alex  
Taylor's land at Manton?

Sad news tonight comes  
from Egypt - Gordon Pasha  
captured - it was expected,  
as it was almost impossible  
he could have got through  
to Khartoum unprotected.  
How I suppose the Govt.  
will have to send out some  
Indian Troops - The Public  
Mind is greatly excited in  
London & I expect they will  
have a lively time in the  
House tonight.

Hoping you are well,
