To Lieut General

My dear Sir

I have recently been reading "Herblakes"
'Marrowkin' in the Pen Pits & his defence
& should very much like to read your report
on 'Excavations in the Pen Pits near Penelwood
published in 1884. If you could kindly spare
me a copy. Herblakes is so often
to your report that it is almost impossible to
understand him alone.

I trust you are keeping well
With kind regards

Ever Dear Sir
Yours very truly
W Howard Cunningham
