

Carlisle
"Locks & Keys" 30/96
sent on March 30/96

L1541

PUBLIC LIBRARY, MUSEUM AND SCHOOL OF ART.
TUTTIE HOUSE, CARLISLE

Tuttie House,

Carlisle

March 28th 1896

General Pitt Rivers, D. C. L., F. S. A.

Sir,

The above Museum contains a collection of old locks and keys, many of them similar to some illustrated in your book on "Primitive Locks and Keys"

As the book would be of service to us, and being privately printed is difficult to obtain, may I ask if it is possible for you to grant a copy for the institution. If you can see you to grant a copy, I am sure my Committee would much appreciate your kindness

The Tuttie House scheme has but recently been inaugurated and besides a Library, Art School and Gallery, includes a Museum of Ornithology (British) and local Roman Antiquities

Our local antiquities though not so

extensive as the collections at York and Newcastle,
are a fair collection and much interest is
~~taken~~ in them, which renders it very necessary
that the objects should be well and popularly
labelled.

If, at any time you are in the vicinity of
Carlisle, I am sure that the Chairman of
my Committee (Mr. Chancellor Ferguson) I
would be very pleased to go over the collection
with you.

I beg to remain,

Yours respectfully

Robert Bateman

Librarian &c.
