Dear General Pitt-Rivers,

In the absence
of my Recto^r (Bro. Tupperforey)
I must write and thank
you for the thoroughly
enjoyable day - or rather
afternoon and evening -
our Day Schoolchildren
and their mothers enjoyed
at the Larmer Tree on

Thursday.

You do so much to promote the happiness of those around you, especially of the agricultural class, that it must be gratifying to you to know how thoroughly your goodness in providing rational and innocent amusement

in your beautiful park is appreciated by them.

The only regret of Thursday is that — owing to a severe cold — I was unable to accompany our people.

I am

Yours faithfully
Lester Selby
