My dear Sir

I am greatly obliged by  
a sight of General Pitt Rivers'  
letter which I return

It would give me & M<sup>rs</sup> Hawthorne  
much pleasure to go over B R's house  
& inspect his collection. The fame  
of which has been much spoken  
of & I hope I may one day before  
the summer is ended be accomplish  
the visit. My son & partner however

starts on Friday for a months holiday

I am a witness in two Causes, one  
of which you know of & I hope to

get away for a tour on the East

Coast in August. - Then the

ordinary engagements of ones

calling come in to fill up the

chinks. however to go to

Preshmore is a great temptation

which may have to be yielded

to. -

With kind regards

Yours very truly
