Sir,

Thanks for your letter
received yesterday morning.
The little medals I wrote
to you about, Miss Davy
told me she offered them
to you some years since
at Salisbury, and the
price she put on them

was fine indeed,
but as we are anxious
to sell them we would
take any considerably less,

The moulds are 26 inches
long and 11 inches round
They are granite and are
for casting spear heads,
They were dug up 14 feet
below the surface in
Deerons Hill, they are
as you no doubt know

of great antiquity
I hope you will entertain
this and make us an
offer.

yours truly
G Carey
