My dear General

I should be much obliged if you have no objection to signing the agreement to purchase Naboth this week as I want to get on with the registration next week

The purchase money can
be paid at your leisure
as I am having the
whole estate transferred
from my father's to my
name at the Land
Registry and it will
save trouble and expense
if I can go into the

matter transfer to you at
the same time and as next
week is my last week in my
last in London I am anxious to
proceed in the matter -

Yr affly
Walter Jones
