My dear General,

I am told that there is a litter of cubs on Woodcutts Common - but that the fosse there is so large, & so thick, that it will be difficult for the Hounds to work it - W^d you have any objection to

cutting some cross
rides in it -

about 12 ft wide -
or to allow me
to have them cut -
they sh^d also be
scrubbed, to save
laming the horses.

I am afraid you will
think me very
troublesome -
but believe me

Yours sincerely
Portman
