LIB 15

CLOUDS,
SALISBURY.

August 2nd
1896

My dear General

I came down here yesterday
for the County Council
meeting but leave in a
day or two. I expect to
be back to remain on
the 15th or about there
and I will then write
your permission for you

1881
1881

to come over and play
on your golf links.

I fear you have been
disappointed at the
extent to which the
people have taken
advantage of it,
but golf does not
come so readily to
the lower orders in

England as cricket, and
the gentry are much
scattered

Yours very truly

Percy Wyndham
