General Pitt Rivers
Sir,

I am taking the
liberty of sending you a
letter I had from the Brewer
(Mr. Styring) of whom I had
the Beer from for Larmer.
Having the complaint from
you respecting the Beer
I went to see Mr. Styring
on Friday last but he

P.S. Will you kindly discontinue
the enclosed letter
to me the day

was not at home consequently
I did not hear from him till
this morning. He complains
has as you must know
caused us a great deal
of annoyance being
untrue as I told you
the other day in our
house. I must add
to say Sir, I was very

much surpris'd at your
taking any notice of what
was said to you at first
being your Tenants for
9 years and have always
given such good satisfaction
both in door and out in
our trade we thought you
respected us too much to
listen to Landes which

From F. H. I. Styring.
Albany House.

August 25 1896
Tisbury.

Mr Day
Farnham Dorset

To Sir Re - Fête Beer sent you.

Am sorry to hear you have had any complaint as to the quality of this I can only say I went away from here in splendid condition and was put up especially for you being XXX with a dash of Light Butter & I should be glad if you have any left to have it analysed for its original gravity.

Mr Cape had some put up for Farrant's file in the same way & it was spoken of very highly indeed. I should be glad to know from what source the complaint came, perhaps some interested person or other, as I do not understand that you yourself think the Beer not good & I have made enquiries of our Brewer & he assures me that it was impossible for any unprejudiced person to find fault with it.

Of course it was not a strong heady Beer as such. Yrs truly
F. H. I. Styring
is not suitable for a file & you did not order an old strong Beer to be

sent you for the purpose & I do not
believe you could get anywhere any thing
more suitable for general consumption
at a time like that
