Dear General

I expect to have
Lopinard with me for
two or three days this
week, after which we
are to make a little
anthropological tour in
Wales - May I venture
to ask whether you are
at home just now, &
whether it would be agreeable

to you, supposing it were
otherwise practicable, if
I thought him to see
the Museum, calling
at Rushmore on the
way from Leamley

Believe me

Yours very truly
John Beloe
