Writes General Pitt-Rivers  
to say that on Sunday  
Sept 20<sup>th</sup> he drove a friend  
to Larmer tree & arriving  
home found he had left  
behind a new Horse's Nose  
Bag. having written to  
the Lodge Keeper the second  
time & received no reply  
thought perhaps the General  
would kindly make inquiries  
about it.

I might mention on that  
day there was only about  
two other vehicles there  
so that it did not ought  
to be difficult to trace it
