My dear General -

I was delighted
to get your letter and will
take care to be back as
soon as possible about the
New Zealand Trout. I mentioned
it to Mr. Frazer and he said
the notion was first made
that it was impossible
to exhibit it in London
without destroying it -
and that it is too valuable
to be allowed to perish in

in this way and he said
he would do everything
he could to help you to
secure it. I had a very
pleasant time at your
house and shall always
be pleased to come again.
We are just going off to
call on your son.

With our kind regards
to your wife

Yours very truly
Henry A. Howorth.
