Dear Sir

I have today sent  
you (as promised in my letter  
of 19<sup>th</sup> Nov, when writing to thank  
you for the book you so kindly sent  
me) a box, to be left at Butts  
the Saddler, at Handley till  
call<sup>d</sup> for & containing fragments  
of pottery &c. found in &  
near an old kiln here.

You will think them poor  
specimens, but I have sent you  
the best pieces, & if you care to

Keep any, or all, please do so.  
In my letter of 19<sup>th</sup> I gave  
particulars of places & where  
found (which according to  
the late Dr Somers) leads  
to the belief of a Roman  
settlement here - any further  
information I shall be  
only too pleased to give  
if wanted. I may mention  
all the pieces sent were found,  
with the exception of those marked  
"found in Cranborne Church  
yard" - about 30 yards from the  
spring or pond referred to in  
my last letter - The Kilen

being about 6 ft. deep, in chalk soil -  
I am, Dear Sir,

Yours very obediently
