My dear General
I do hope
that you are
better though I
fear you must
be quite shut
up in all this
cold weather.
Happy your
house is deliciously

Warm. When
I was last aboard
I found some
near the hood
of the old Revolver
fire fitting
I saw them yesterday
I suddenly thought
they might be
of some interest
to you. I have
museum, letter

than was
this sweet
in my cupboard
if you care for
them, pray
accept them
I signed the ground
but, if they can
be of use
send them back.
As they act as
toys for the various
Grand children!
