Dear General Pitt-Rivers

Your letter yesterday was specially welcome as I had called on the previous day on Sir Spencer F. Ponsoby to ask him if I could see Alexander Gordon shu amongst us - for it seems but the other day that I met him & yet it must be some six years as he passed away three years ago -

Talking of old days I mentioned
how closely connected in my
mind were the names of

Lane, Fox & Gordon.

when Sir Spencer told me
of your indisposition - it is
indeed good news to hear
of your convalescence -

I have been to see the Packet
of ammunition - 577 boxes

"Pritchett's" bullet - made up by
Major North. - it was a final
throw in the side of Sucknow.
his contribution of 72,000
rounds in our month. -

I sincerely trust
your convalescence will soon
become a perfect recovery
Pray accept my best wishes
