My dear Father

Thank you very
much for the 50 £ which
I was very pleased to get.
I think I shall be able
to pay off every thing now.
We are going up to town
on Tuesday which will
be an economy this time
as we get rid of all

the servants & the garden's
wife is going to live in
the house as care taker
while we are away.

Beaumont has done
a very good picture of
Nette & Jo. He thinks
it will do him a lot
of good to show it about,
I certainly think that
he has improved a great
deal in his painting

I think it did me a
lot of good looking on

Your affection
Alma Pitt,
