—AND TELEGRAPH—

My dear & kind General
I been having
you much in my
thoughts upon many
subjects. especially
with regard to the way
in which the ^{rents} ~~rents~~
are dealt with our
handicapped. ^{By} ~~By~~ ^{me}
might, I think I have
escaped out of the coils
with which I have
been surrounded & by
agent & the rest of them
I am now free & have
let nothing to an outside

In the next I asked
of the great discomputation
of the rest who have
been asking for further reduction
I have turned by agent
Rowland into a simple
rent-collector at a fixed
price. £25.- & that is
all he will ever do
for me again. He is a
thoroughly ignorant of the
business. I intend having
the or three farms valued
as a reference to a (that
I had that if I returned
for such a thing the
value will be secured off

& the present you return
quite. So I shall have
a lovely time of it.
I intend let two of
my farms to one man
& another two to another -
I intend remedy by this
as it is bad for the
Parish to be deprived of
a constant supply. -
I hope my dear friend
you will enjoy yourself
on the water with the above
I am obliged to you for
a few days on my return
I will write back soon
with pleasure if I may
