

If I would bring many people from all this
Bishops Cleeve, Wilton, Broadchalke etc.
Valley I would give a most magnificent
scenery route & free from gradients
all you reach Crook Hill as against the
constant hills between Handley & Salisbury.
The distance wd be one mile more but people
could make a circular Tour back by Handley.
To achieve this all that is necessary is
to "Main" or County the road from
your North Lodge to Crook Hill $2\frac{3}{4}$ miles
including $1\frac{1}{2}$ miles of excellent district
road. $\frac{1}{4}$ mile doubtful & the old ox
drow 1 mile -

I shall do nothing public without your
consent but if you approve & wd care to talk it
over I will be free any time after Tuesday
I scarcely dare yet venture to come up to you.
I should have brought it up myself -
with every good wish to my little kids
and yourself
Yours very sincerely
Geo. Trevelyan

Dear General Pitt Rivers

First let me thank you are
quite well again. I am sorry to
say I have been on the sick list or
I should have been up & golfing
as the Larmer.

I write to ask your approval
of a plan to make a second road
the Larmer via the chalk valley.
Why I do this is because the route
if adopted would send people to
visit the birds & animals & to use
your private road through the park.
