Memorandum

From ALBERT BANKES, Esq.,  
Wolfeton House,  
DORCHESTER,  
Dorset.

To

My dear Genl. Pitt Rivers  
Museum.

I must write you one line both on  
my own behalf & on that of the  
Museum to thank you so much  
in these very bad times for  
sending us so handsome a gift  
of £20 towards the new cases,

We have been steadily working  
on the plan you laid down & have  
arranged all the Dorset Collection  
together at the far end of the Hall.

We are now arranging two loan  
collections at the Entrance end, one

of Roman Pottery found in & about  
Dorchester & the other a collection  
of Chinese Costumes, implements &c.

I do hope that Mr. Pitt-  
Rivers & yourself will keep your  
promise to run down for two  
nights next Feb. - if you can spare  
the time as I so want you to see  
Corfe Castle - The days will be  
long enough by that time for a  
days expedition -

I am just off to pay your  
cheque into the Bank -

Yours very gratefully

Albert Parker
