Dear General. I will not take up yr time  
but thank you for the interesting Book  
sent me <sup>very much</sup> — <sup>the Guide</sup> you will  
see in mine one of yr specimens  
heads at Oxford 7 May 1897  
page 177. page 206  
mark 0

My N. 3 collection is I think very fine  
I have 17 beautiful lath'd heads -  
one a child's (unmarked) of the Maori  
- & this is all Ethnol in London  
some day - some of their ornaments  
& k. are rare & been seen by Su G. Gey  
I will not let German museums  
have my collection - it ought to go to  
N. 7. or home. There can be  
nothing like it as a phase of  
art passed away - some are  
so handsome with flouy hair  
& furi teeth - I do it also on  
huia boxes. Greenstone - I have

a  a culet for tame parrots leg  
Su G. Gey said rare as can  
be.

I have forwarded a few  
Maori war dance

envelopes (no reply).

& remain

Yrs truly
