My dear General

I am sorry to hear that
the road surveyor has
put a gang on to dig flint
on Knebthorpe. I wrote to
give the Highway authorities

3 weeks notice and told them
that after 29th May the
land would be no longer in
my possession. It would have
been better had I given them
shorter notice but I ^{don't} ~~thought~~
think they can do a very
great deal in the next

ten day as they have been
 grubbing away on that hill for
the last 20 years next Saturday
week their time expires. I have
written to Lord James. I ^{shall} ~~am~~
be at Benick tomorrow
for the night.
