

L1829

ROYAL ARCHÆOLOGICAL INSTITUTE
OF GREAT BRITAIN AND IRELAND.

20, HANOVER SQUARE,

LONDON, W.

May 22. 1897.

Ans'd.
May 29/97.

Dear Sir.

Dorchester Meeting. Aug 3-10.

Will you kindly give me some idea of the length of time you will want for the Presidential address, in order that I may arrange with the Mayor for the reception of the Institute and for its delivery. The custom is for the address to follow the reception on the morning of the opening day, in this case on Tuesday, August 3rd. I trust this date may be convenient to you. I am directed by the Council to ask your advice on a question which

has been brought before them, viz. whether it is possible to get cuttings made through the walls or rather earthworks surrounding the Town of Warham with a view to determining their character and date. Before finally deciding to move in this matter the Council desired me to consult you as to its feasibility. I am, Dear Sir,

Yours very truly
Will Stephenson

Lt. Gen. Pitt Rivers.
Rushmore.
