Dear General
Will you kindly
forgive me for again
taking up the pen of a
begging-letter writer?
Our Public Library
here, in which I take
some interest, has not
your Big Excavation Books.

FROM GARDNER BROS.
...GARDNER:

If you can spare it a
copy I am sure that
this will be gratefully
received.

The library is very well
sourced, in the new Town
Hall, & is largely used,
besides 2 branch-libraries.
It has many good books.

We have not a Museum
yet; but I hope that may
come some day.

I am, yours very truly,
W. Whitaker
