vols of N. Zealand collection when
in town

In mean time as I know
you have kind got one of
my books "Moko or Maori tales"

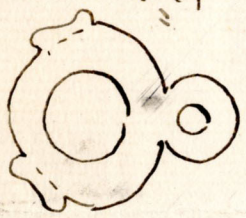

I beg you to accept (no reply)
6 lithographs which can
be added to the pages

* These are good heads which
were not portrayed by me in
time and are now in my
museum in addition to the
printed ones in the Book

I thought perhaps the notes
on one of them might
interest you, as the decorated

very odd & was well covered with tar & varnish
which preserved it all these years

Amongst my rarities are a wooden copy
of a hanger or ~~burn~~ with sketch known
carving on it
