me, which I
should be much obliged
if you would kindly
return. The Egyptian
things (which are not
so perfect as the
Somaliland) are I believe
being acquired by Liverpool.
I think there are over
2000 Somaliland palaeos,
of which about 500 are
perfect - the most
perfect known; and
I had better say at
once that I want

Dear Sir
Before attempting
to distribute, or
to dispose en bloc
of my newly-discovered
Palaeolithic Implements
from Somaliland,
(from the palaeolithic

I visited this
winter (having
discouraged it last year),

I think I ought
to communicate
with yourself,
as to whether
you are disposed
to acquire the
collection as it

now stands or
any portion of
it. I am
anxious to cover
part of the
expense of an
expedition I am
proposing to myself
in Southern Persia,
in search of some
similar city of
prehistoric man;
I enclose a cutting
which you may have

have them
forwarded to you
on Thursday,
and the 2nd
class ones later.

Perhaps you would
let me know, here
or by telegraph to Hinders Retire
before Wed. morning ^{17th}
as I find the packing
& unpacking very
laborious work.

① Two hundred
pounds for one
hundred specimens
which may be selected
by yourself or anyone
you depute, to
which I would add
two hundred of the
second class grade
(flint & quartzite)
if you desire

or
②
four hundred pounds

for the lot as
it now stands
(packed in cases
at 3 Hanover
Square).

At the request of
the Council of
University College
I am exhibiting
them once more
on Wed next (30th / 7)

at University Coll.
from 11 from
8pm to 12 midnight.
& should be glad
if you could come
& see the young.
Or if you will
request Prof. Flinders
Petrie (of Univ. Coll)
to select the one
hundred for you
for the sum
named. I shall
