Dear General Pitt-Rivers
 I have returned from Australasia, and am going to stay at this address for a fortnight - Two letters from you are among the correspondence I found awaiting me - one a request that I should examine ~~the~~ remaining skulls from your recent

diggings: the other a
kind invitation to
visit you at Rushmore.
The latter is out of
date, & perhaps the
former may be so
too: but I intend,
if I hear nothing fur-
ther from you, to call
at 4 Grosvenor Gardens
the first day I can
do so; and if the
shells are there I
should much like to
examine them: if you

still wish for any notes
of mine upon them I
shall of course be
pleased to furnish them.

After a fortnight
I shall return home &
resume my practice -

Believe me

Yours very truly
John Beddoe
