Aug 13. 97

Dear General Rivett
We have the House
Brigade Boys from
London, again camped
in Lord Wolverton's Park,
They enjoyed the last day
you kindly gave them
permission to come to the
Larmer Tree, that I again
write to ask to bring them
on Wednesday next, 18th

I should like them to see the Museum first, & eat their sandwiches outside. I will surely take care that all papers shall be carefully picked up & taken away.

Then to go on to the Larder Tea with their band, & before they leave have tea there,

There will be 120. if it

a large number, & I am promising to provide, may I ask what the cost will be, if you kindly give us permission, as I am not able to pay very much, I hope to do it as cheaply as possible, though anxious to give them a treat -

I should be so pleased if you could be able to see the boys yourself, they are enjoying their trip to the country so much.

Believe me

Yours truly
John Acton
