Mr de Geneve,

I do not know whether Sir
Talbot Baker has written to you
about Hod Hill. He has arranged
to dig out one or two of the
hut circles on the south side,
and I have promised to watch
the work, and make plans etc.

He thinks of starting on 7th
or thereabouts. I write to you
to ask your advice, and
before the work is taken in
hand should like to talk
over the matter with you. It
is 'your country', and at the
very best I can only follow
at a humble distance, your
methods.

I am writing for Peel.
(Isle of Man). I return to England

Tuesday, and could we do to see you, ~~sett~~
at a time that may be convenient to you before
the next sabbath, for next Saturday.

 I hope that you are now the more for
the shorthand method. I am a great success.

Yours truly

W. B. D. Barber
