Dear General Pitt-Rivers

I am sorry that
I cannot avail myself
of your kind invitation
to Rushmore at this
time - I am already
entangled with engagements
in London on Saturday
next, and at Clifton
on Monday & following
days - If however you
should be at Rushmore
a little later, say -

fortnight hence, & could
renew the invitation, I
would do my best to
avail myself of it.
Probably the earliest thing
for me would be to
run down from Bristol
on a Saturday, returning
on a Monday--

On Tuesday evening
there was a discussion
at the Anthropol^l over
Jarvis's scheme for an
international arrangement
about craniometry -

We all agreed fairly. Flower
spoke against the plan of
measuring length from the
glabella; but said that
as most continental &
many English men were
against him, he was ready
to concede the point -

Believe me

Yours very truly
John Beddoe
