Dear Sir

Respecting
The Canastick of
Matthew Prior. That
was mine and I told
The General that he
was welcome to it - and
The General promised me
he would show it -

Don't you think its a
curious old bit. I
wish I could get hold
of more old stuff.
If I do I shall have

Great pleasure in
sending it to the
General if he would
accept it. with regard
to the Eastern stuff.

when I was going to
back up the Canale
one of my Men
said he had an old
Eastern Canale stick
His grandfather brot
from Weymouth many
years ago - I said
let me have it and

He send it along
now if you think
it worth while
to send my Man
a trifle for that
Why do so. and
he would be very
glad with anything.
As he is poor and
it was no use to
him -

Your obedient
Mark James

Any little order from to General
would be highly esteemed
