My dear General,

Just a few lines to tell  
you that I propose to bring  
Mr. Willett, and a friend of his whom  
I do not know to see the museum  
and King John's home, and, by  
your kindness, the pictures at

Rushmore on Wednesday next,  
taking Rushmore in the afternoon  
after lunch.

We have had a grand dig  
at Hod and have found  
in one of the huts under  
an old hearth a nearly  
perfect sketch of a long  
headed Dorset man, curled  
up in the neolithic fashion.

I will write you further details later

Yours sincerely

John Lubbock
