Dear General Pitt Rivers,

along with this note

I have forwarded a copy of  
'The Marx Note-book' a  
volume of one, carried on  
at a loss - thinking that  
you might like to

subside towards so Merton  
a work - It is admirable  
for the artistic part of  
her, and the subject-matter  
is very interesting -

We have got our bill  
for the purchase of the  
Mans Antiquary - It is  
practically the same as yours.

My diggers in Wales  
turned out queerly - We  
lighted on a sepulchre

3  
I saw - a veritable Dan Jones Locker, of  
the Broom air - We did not find  
three Boadicea, altho we made a shaft  
and a gallery into an enormous cave  
and a gully into an enormous cave  
rail (small) the her. We have  
found not finished yet.
