Dear General Pitt Rivers,

£50. is all I could possibly
ask you for the Camp windows. I
will be quite contented if you will
give me that sum for it -
the two smaller pieces. if they are
of any use to you. I am equally
willing to part with. It does not
know in the least what they cost.
Could you put a value on them?

I shall hope to find you at some
"diggings" at Shroton before I go to
