Sir,

Having started a  
School Museum to  
contain objects upon  
which I give lessons to  
the scholars here, hoping  
to increase their  
knowledge thereby, I

venture to ask you  
with all due respects,  
if you could kindly  
give a few objects you  
have unearthed at the  
Park excavations, to  
enlighten the children  
as to Roman times, here.

They would be of very  
great interest to us,  
being discovered in this

parish.

Should you feel inclined  
to see the school, and  
where I should place  
any objects you like to  
give us, I should be  
very pleased to show  
you.

Trusting I am not  
encroaching upon your  
generosity. I am,  
Yours obediently,  
Edward D. Harvey
