General Pitt Rivers

Sir,

Allow me to tender
my very sincere thanks
to you for 3 volumes of
Notes, brought today by
Mr. Keck. I value your
kindness in presenting them
to one of whom you know little,
& can assure you that I
shall treasure them and

show them with much
pride. Especially as I have
had the honor of being
present at excavations
that you have been engaged
in & have so kindly given
me information. I trust
you may have good health
and live spared for many
years to carry on the work
you are so devoted to.
I had your message re
"Stentor" at Linnon Tree.
Nothing would give me

Greater pleasure than to
bring our Company or
(Part of them) to perform
for you. But the difficulties
are many & expenses great.
Them again. I fear much of
the effect would be lost,
without the Am. Light &
Other ~~aff.~~ details. I could
get a small restitution, but
our Principals, (^{all} not living
in England) is another
drawback. From the former
to be yours & finally C. H. Weston
