Gen. Pitt Rivers FRS

Dear Sir

Many years ago you very kindly presented me with a copy of Vol I of your splendid work on your Excavations - My rainfall work takes nearly all my time but when I can get time I luxuriate in archaeology & old world bibliography - I have heard that there are two later volumes, and as I believe that they cannot be purchased I hope that you will not mind my saying that if there are any copies awaiting disposal I do not think that they would find a warmer welcome than beside of Vol 1 at the above address

Yours very truly

G Symons
