Royal College of Art,

Department of Science and Art,

London, S.W.

May 13. 1898

Dear Genl Pitt Rivers

I wrote to ask  
you if you were inclined  
to have Sutherland  
where he has some  
teaching, that he has  
remained & a second  
letter addressed to him  
has come back to me  
through the post

I have now put up  
a notice in the school

which may and probably  
will bring applicants

San Antonio
