30 per cent funds

June 7th 18

My dear Father

I saw 1st page to
day at Wrentham & I find that it
he who started the controversy about
The Nursing Committee whether it
was a public or a private one -
No one said that it was a public
one, it consists of a few local
women who assist in collecting &
distributing the funds I thought
you understood that just well &
that Mr. Acton kept the money
thus collected. But now Mother
understands that she is not ^{to} be

to do anything till she is asked
to do so first with a proper
understanding -

Your affec^d son
Allen Pitt.
