

P.S. I ought perhaps to mention  
which may interest you, that  
Mr. Sawyer has written to  
me to promise £30. towards  
the work -

The South Kensington Museum  
are anxious to obtain the loan  
of the Statues, there for a few  
months previous to their  
Erection at Clapham; your  
views on this would be  
appreciated.

It is thought (and justly) that  
such noble works of art  
should be seen, before they  
are finally put into the Church.

Dear Sir, I have sent you the  
Photographs of the Celtic  
Statues which I trust you  
have received safely.  
I take this occasion of saying  
that I shall be much obliged  
if you can let me have the  
Subscription you so kindly  
promised towards the restora-  
tion, at your convenience.  
As we are going to have a  
Committee meeting, and it will  
help us, I am dear Sir,  
Yours obediently
