RANSTON,
BLANDFORD.

East Monday 8th

Dear General Pitt Rivers,

I got directly as I was
driving past the turn to the
Lambur Oak left I did not
begin time for Strutt's Com-
-ing service here at Alder.

We did not have the pleasure
of seeing you. We wished
to do as I cannot remember
-nately accompany Lady
Baker tomorrow to North-

BRANDFORD
- Mrs. Kaming's previous
engagement of long standing
to tell you that I should
Stanford's people about
the probable time of the
romance through which
Dorset (that includes the
hill) being out, & they re-
plied - not for fully 2 years
perhaps 3. This seems
a long time to wait for
beginning our operations.

What to do now?
I rejoice in this fine
weather for the country,
the Holiday folk.

Believe me
