

He is a "food (chuck) man".

I have been daily expecting
to hear from you -

I understand that you are at
the Larmer Tree every day
(at least) during the week.

If I came over one day, would
you kindly see me.

I stay to remain

Yours truly

My dear Sir,

I was at Sturminster
Garbidge, and saw Mr.
Acton, of Hinton - to whom

I handed over as a gift
for benefit of your Nursing
Association $\frac{1}{2}$ doz. of walking
sticks to be sold at the
Bazaar next month - they
have been cut by myself.

in the hedges about, and
I have had them properly
dressed. There is one also
which I shall leave with
W. Acton - that I should
be glad if you would take
for your own personal use.
that is - if you will accept it.

You see, I am trying to raise
money to put Belchalwell
Church in order, and I was
at the market yesterday
disposing of sticks, and ~~was~~
was unexpectedly successful.

In course of conversation with
W. Acton, he said that he
had seen you lately. - That
you mentioned my name to him
with reference to my wish to
exchange. From what ~~he~~ he
said I fear you have the
impression that I want to
put a "High Churchman" here -
rather at Breme - or a ritualist.
I wish I could disabuse you
of this notion - W. Plowman is
a High Churchman. like W.
Acton. - no ritualist, or extreme.
