

Alena House, Weymouth

L2163

Sir, I write to thank
you most sincerely for
the last volume you have
just sent me. I shall
read it with much
pleasure. How I envy
you your Egyptian
town, how often I have
longed to be there, as
Henderson Wilson's works have
made it so interesting
a locality to me & others.
I suppose the contents
of my museum are
not wanted; but they

most so - I hope -
before next week
again with the
General and to hope
to hear a good
account of your
improved health.

I am Sir
Yours as always
Ed. Quinington

The General
Pills River N. R. 7.
