Dear General Pitt Rivers,

Your beautiful book

greeted me on my return home
on Thursday. I write to convey

my thanks and congratulations

that you should have added

another story, to your
Archaeological Monument, and
hopes that you will add
many more in the future.
Even as it is it stands out
like an Eiffel Tower.

I am looking forward
to seeing you next month
at Raustan, and hearing
your address on the Roman
villa.

With kindest greetings for

Yours very truly

W. B. G. D. D. D.

P.S. I have just returned from a visit to the (haughty) cottage
- so called - well, white with leaden, massive, but, how this last 1/2.
